

VIRTUAL TRAINING

The Center for Adoption Support and Education is pleased to offer a new series of virtual trainings for CFSA supervisors and staff personnel.

Permanency Through the Eyes of Children: A Developmental Perspective for Professionals

Participants will gain an in-depth understanding of what children comprehend, think and feel about permanency from a developmental lens from the pre-school years to adolescence. PLUS:

- How to work with teens struggling with ambivalence about being adopted
- How to communicate with children in foster care about adoption
- Methods for addressing ambiguous loss and grief, self-esteem, self-value and identity through an adoption-competent lens
- How children process transitions to new placements
