

VIRTUAL TRAINING

The Center for Adoption Support and Education is pleased to offer a new series of virtual trainings for CFSA supervisors and staff personnel.

Grief & Loss for Families Touched by Adoption and Foster Care

Approximately 130,000 children and teens in foster care are awaiting permanent, loving adoptive families. All individuals that are touched by adoption will experience some form of grief or loss.

This course will help supervisors and social workers:

- Understand the different types of grief and loss associated with adoption and foster care.
- Recognize how grief and loss looks in children and the psychological tasks of grief work for families touched by adoption or foster care.

Presented by:
Paige Zorniger, LPC,
C.A.S.E. Adoption
Competent Therapist
