

MAKE A DIFFERENCE

THE CENTER FOR ADOPTION SUPPORT AND EDUCATION™ (C.A.S.E.)

is a non-profit dedicated to serving adoptive, foster, kinship, and guardianship families and the professionals who support them. A national leader in mental health services for the adoption and foster care community, we improve the lives of children and their families through counseling, lifelong education, and a growing national network of trained professionals. **C.A.S.E.** promotes improvements in child welfare and mental health systems through education and training that dramatically increases the healing potential of families nationwide. Our work is made possible through partnerships with foundations and corporations like yours.

UNIQUE CHALLENGES OF ADOPTION & FOSTER CARE

Due to traumatic life experiences and compromised beginnings, many children who are adopted or experienced foster care have higher risks for developmental, health, emotional, behavioral, and academic challenges. In addition, there are oftentimes complex racial, ethnic, and cultural issues inherent in families who adopt transracially/transculturally. Understanding and addressing the impact of these experiences is vital to positive outcomes.

A SPECIALIZED APPROACH

C.A.S.E.'s therapists have been trained under our own accredited, nationally recognized **Training for Adoption Competency™ (TAC)** program and have the skills, insight, and experience to help families navigate the many obstacles that affect them. **TAC** is accredited by the Institute for Credentialing Excellence (ICE) and is the only accredited, assessment-based certificate program on adoption competency in the country. **TAC** is designed to increase access to adoption competent mental health for all members of the adoption kinship network and to improve the wellbeing of children and their foster, adoptive, or guardianship families.

PROVEN LOCAL IMPACT

With offices in Washington, D.C., Maryland, and Virginia, **C.A.S.E.** has provided clinical services for more than 6,800 clients and their families since our founding in 1998.

NATIONAL REACH & REPUTATION

Through our national network of partners, **C.A.S.E.** has trained over 20,000 mental health and child welfare professionals in 32 states. We also work to influence legislation that impacts the adoption, foster, and kinship community. Our Washington, D.C. location affords us the opportunity to advocate with Congress on critical issues including federal funding for expansion of adoption-competent services as well as important policy issues.
