# WHAT IS KAN?

---

For more than 25 years, the Center for Adoption Support and Education (C.A.S.E.) has created a safe space and sense of belonging for children who have been adopted to come together to connect with other kids just like them. The Kids' Adoption Network Conference (KAN) normalizes adoption, builds community, and celebrates National Adoption Month.

The KAN Conference is a full day of fun and learning that includes engaging activities for children, teens, parents, caregivers, and prospective adoptive parents. Parents participate in insightful workshops led by adoption experts and panel discussions with adult adoptees – while kids explore and learn through workshops designed by our highly trained adoption-competent therapists in groups by grade, with teens (9th-12th grade) together in one group. The day ends with carnival games and prizes.

Interactive sessions empower children to express themselves, build self-confidence, and embrace their identities with pride. While parents increase knowledge and confidence in addressing trauma, loss, grief and attachment issues inherent in raising children who have been adopted.
