

The *free, web-based* National Adoption Competency Mental Health Training Initiative (NTI) training enables you with skills and knowledge to better address the mental health & developmental needs of children in foster, adoptive, or kinship families. Three aligned trainings are offered: 1) NTI for Mental Health Professionals, 2) NTI for Child Welfare Professionals, and 3) NTI for Child Welfare Supervisors.

Additional Free Benefits for Participants:

- Resources and tools to use in everyday work are included.
- CE Credits approved by the National Association of Social Workers ([NASW](#)) and National Board of Certified Counselors ([NBCC](#)) for 17.5 continuing education credits (CEs) are provided for each training.
