

NTI Launches Adoption Competency Training in *Your State, Org, etc!*

Free, web-based, state-of-the-art training!

NTI training helps you help children & families with:

- ✓ Increased knowledge of the complexities of adoption, kinship and guardianship.
- ✓ Enhanced professional skills needed to promote stability and permanency for children and their families.
- ✓ Improved capacity to apply trauma-informed, attachment-based casework.

Organization and Organization are pleased to announce the statewide launch of the National Adoption Competency Mental Health Training Initiative (NTI). This online training offers state of the art, evidence-based and trauma-informed training for mental health professionals to enhance their clinical skills with the goal of improving outcomes for children and families.

The NTI Training for Mental Health professionals offers NASW and NBCC approved CE's:

→ **26.5 hours for MH Professionals Completers**
