Welcome!

This comprehensive pacing guide is designed with four choices of timing options to support and enhance your journey through the **National Adoption Competency Mental Health Training Initiative (NTI) Child Welfare Professionals (CWP)** training program. It provides a structured yet flexible roadmap, offering suggested timelines to choose from (4 months, 6 months, 7 months, and 12 months) to help you navigate the modules effectively.

While these guidelines serve as a helpful reference, we recognize that learning is personal. Each module may take more or less time depending on your learning style, background knowledge, and availability. In the Time Estimation column, 'L1,' 'L2,' 'L3,' etc., represent Lessons 1, 2, 3, and so on within each module.

Feel free to adjust the pacing to best suit your needs. Whether you prefer a steady approach or a more accelerated path, this guide is here to help you stay on track while allowing for flexibility. Additionally, we encourage you to consider completing this training alongside a partner or colleague. Engaging in discussions, sharing insights, and providing mutual support can enrich your learning experience.
